David Bernhardt
COMMISSIONER

April 21, 2016
Subject: Hot Mix Asphalt Overlay
State WIN: 018787.00
Location: **Limington & Limerick**
Amendment No. 1

Dear Sir/Ms:

The following question has been received:

Question: The construction notes for 203.20 and 304.10 say they are to be used in conjunction with 204.41, beyond the limits specified in 204.41. The limit specified for removal in the Standard Specifications is "to the extent required by the Resident". Can you clarify the depth of material removal and replacement considered incidental to 204.41 before 203.20 and 304.10 are used?

Response: In areas where the Resident deems the existing subbase material is unsuitable, material up to 4" below shoulder pavement will be considered incidental to 204.41 per Typical Sheet 2 of 2, Note 6

Consider this change and information prior to submitting your bid on **April 27, 2016**.

Sincerely,

George M. A. Macdougall P.E.
Contracts & Specifications Engineer
